

Learn More About Us

Salvé! My name is Colden Hershey, and I am passionate about the study of Ancient History, and the life of a Roman soldier during the 1st–3rd centuries A.D. You can request us to arrive at your church, classroom or event to give an interactive and dynamic presentation. I present a variety of Biblical topics from a historical perspective of the life and times of early Christians, and the Roman legions who occupied the area during that time. I arrive for the presentation in full armor, with weapons and other related articles of the period to display with my soldier's gear for a greater educational experience. My wife has started an amazing collection of Ancient musical instruments as well.

Because my wife, Heather, and I often work together for these types of presentations, people can enjoy seeing the female perspective represented, and the various unique demonstrations she has available. You can also request one of our joint presentations for an even richer historical experience for your group or organization. Heather also works great with children's programs and activities including crafts, games and music.

I hold a Masters degree in Ancient/Classical History, Bachelors degrees in History and in Biblical Studies, with a minor in New Testament Greek. My wife carries a Bachelors in English Education and minor in Music.

Together, our love for history, God's Word and teaching has developed into this unique ministry with the hope of giving believers a deeper understanding of the Bible and early Christian history. To learn more, contact us or visit our ministry page online.

WHAT IS CASTRA MINISTRIES?

"I will say of the Lord, He is my refuge and my fortress; my God; in him will I trust" Psalm 91:2

The word "castra" is Latin for a soldier's camp or fortress. During the First Century A.D., Roman legions would march across Europe and the Middle East establishing these fortresses wherever they camped. Out of these camps sprang many of the cities of modern Europe. In these fortresses, the Roman soldier was trained and equipped for battle and the rigors of his everyday life.

In this same way, Castra Ministries endeavors to equip the modern Christian with a better understanding of the facts surrounding the life and times of Christ, early Christians, and their impact on Western Civilization.

Join us today in bringing history to life and equipping believers in their Christian walk.
