

The Romans are Coming to [Your Church]!

[Your Church Name] will be hosting a presentation on the Armor of God by Colden Hershey of Castra Ministries, on [Date(s) and Time(s)]. Mr. Hershey is passionate about the study of Ancient History, and the life of a Roman soldier during the 1st - 3rd centuries A.D. He will present a variety of Biblical topics from a historical perspective of the life and times of early Christians, and the Roman legions who occupied the area during that time. He will arrive for the presentation in full armor, with weapons and other related articles of the period to display with the soldier's gear for a greater

educational experience. His wife, Heather has started an amazing collection of ancient musical instruments as well. You will be able to see, hear and touch part of history, making it come to life in a unique way!

Mr. Hershey holds a Masters degree in Ancient/Classical History, Bachelor's degrees in History and Biblical Studies, with a minor in New Testament Greek. His wife carries a Bachelors degree in English Education and a minor in Music. Together, their love for history, God's Word and teaching has developed into this unique ministry with the hope of giving people of all ages a deeper understanding of the Bible and early Christian history. To learn more about Castra Ministries, people can visit their page at CastraMinistries.org or on [Facebook.com/castraministries](https://www.facebook.com/castraministries)
